SONOMA VALLEY'S 10,000 ACRE HAY AND GRAIN RANCH IS A LARGE PRODUCER

1921 HARVEST AT JONES RANCH IS LARGEST IN ITS HISTORY SAYS SUPERINTENDENT JOE KEECHLER

Sonoma Valley has a marvelous piece of farming land in the Jones ranch below Schellville, and this years' crops being harvested from 6200 acres of hay and grain land break all previous records. The ranch was originally marsh land and has been reclaimed, until today it is one of the finest pieces of agricultural property in the United States.

The land has produced over three tons to the acre this year. Between 15,000 and 16,000 tons of hay have already been harvested and 4800 sacks of oats threshed. Five baling crews are at work at the present itme and superintendent Keechler says in all his 30 years experience on the ranch he has never seen better balers at work. They are baling 143 tons per day under Archie McKillop, foreman and Johnny Steiner, weigher. At the crest of the season 135 men are employed.

Mr. Keechler says he is finding a market for his crops and has already shipped 50 carloads of this year's hay, and four schooners are taking care of shipments by water.

In addition to the hay and grain, the Jones ranch raises cattle and horses. They work 200 head of horses this time of the year.

Superintendent Joe Keechler has made a decided success in the management and upkeep of this big ranch and has been on the place just 32 years continuously. During this time he has each year brought more land into bearing and added to the wealth of Imperial Sonoma county. It is a record of which he can well be proud.

CARTER-GOODMAN CASE SUBMITTED ON BRIEFS.

The case of W. W. Carter against Moritz Goodman, formerly of El Verano but now of Oakland was submitted for a decision on briefs filed by the attorneys, Judge Eastin for plaintiff and C. C. Cowgill for the defendant after a lengthy session in court here Thursday.

The case is one for commission and costs and grew out of a sale made by Goodman of his property at El Verano after he had signed a contract with Mr. Carter, Sonoma realty dealer agreeing to pay a commission. Carter did not get the commission, Goodman repudiating the contract.

In court Thursday many witnesses were examined among them the people who purchased the Goodman property, Mr. and Mrs. F. H. Elliott.

Goodman's attorney produced a revocation of contract, and A. J. Ronsheimer, a Petaluma realty man claims that he negotiated the sale to Elliot and so testified.

Whether Goodman had a right to refuse the commission he agreed to pay Carter and whether the revocation validated the transaction with another realty man will be determined by Judge Small after weighing the points set forth in the lengthy briefs.

OLD WARRANT LANDS A. F. DAILEY IN JAIL

Sheriff Boyes Goes to San Diego For Prisoner Facing Charges of Fraud In Sonoma Valley Deal.

A warrant issued more that a year ago for A. F. Dailey on a complaint sworn to by District Attorney Hoyle of Sonoma county charging Dailey with a fraudulent financial transaction in Sonoma Valley has led to the arrest of Dailey in San Diego where he has been in jail. Sheriff Boyes got wind of his presence in the Southern city, wired the police there to hold him and on Monday of this week went himself to bring back the prisoner to face the serious charge pending against him here.

The alleged fraud grew out of representations Dailey is said to have made to W. C. Wilson of the Gables over a piece of property adjoining, known as the Blesch place which the defendant claimed to own and be able to give a deed to. Wilson alleges he paid a deposit to Dailey on the place for a second party and it was to be transfered by the purported owner, but within 30 days he had decamped to parts unknown. It then came out that he had no right or title to the property he claimed to own.

Wilson, whose former dealings with Dailey in the purchase of the Gables had been attended with considerable unpleasantness, determined to prosecute him on the Blesch deal which he dubbed shady and crooked. He therefore took up the matter with the District Attorney's office which issued a warrant for Dailey on the felony charge now pending.

CASE AGAINST STRACHAN IS DISMISSED.

The case against D. (Scotty) Strachan of Caliente, involving him in the disappearance of $135 lost by a summer visitor on the road near the springs was dismissed yesterday by Judge Small. It is said that the visitor Lombardi was reimbursed for the loss of the money and was satisfied.

TODAY'S BIRTHDAY OF THE INDEX-TRIBUNE.

THIS is the 44th birthday of the Sonoma Index-Tribune. The paper founded in the pioneer days of old Sonoma stands on the threshold of another year with great satisfaction that it has been enabled to render service to a community which was so worthy of it and has blazed the trail for the many improvements now coming to pass in Sonoma Valley. We wish to thank our friends and patrons for their co-operation and patronage, and trust that the Index will always merit the high place it has won in the regard of the community.

VALLEY OF MOON APPLES FOR LONE STAR STATE

Thirty Carloads of Sonoma's Best Gravensteins Shipped by Association to Texas.

Texas likes Sonoma Valley apples. Ever since the people of the Lone Star state got a taste of Valley of the Moon brand Gravensteins, they have been asking for more and the repeat orders this season total thirty carloads as the records of the Sonoma Valley Apple Growers Association at Vineburg show. The association packing house at the N. W. P. spur at Vineburg has been the scene of great activity for several weeks, a fast ripening crop necessitating even Sunday work to get the fruit started on the way to market. The work was completed Saturday night last and apple growers will now begin to receive their good sized checks, for apples this year are even a better price than last. Later varieties will be shipped the coming month but the Gravenstein crop has all been gathered and Sonoma Valley land and climate produced one of the best crops in all the apple growing country hereabouts. In proportion to the apple acreage, Sonoma's crop even exceeded that of Sebastopol this year. Considerable new acreage will come into bearing in 1922.

FIRE ENGINE BENEFIT AT BOYES SPLENDID SUCCESS

Valley Angel Debt Gets Big Lift And Chief Cause Is Much Pleased With Response.

The Benefit for the Boyes Springs and Valley Fire Department Thursday night filled the Boyes Springs theatre to overflowing and testified the high regard and appreciation of Sonoma Valley folks for the fire-fighters and their chief. A goodly sum of money was realized and augmented the collections made the past week or two by Mr. Cause, head of the Department. About $900 was collected and El Verano made a proud showing on the list. Among generous donations was $100 from A. W. Foster, a $25 check from Mrs. G. W. O'Donnell of Glen Ellen and a check from Mrs. R. Q. Wickham. In addition to money there were donations of all kinds including pigs and turkeys. The Jack London ranch and the Rudolph Spreckels ranch donated pigs, the gifts were all sold off at the entertainment to augment the engine fund and Mr. Chambers proved a clever auctioneer.

He sold everything from cucumbers to Belgian hares for the good cause.

A good vaudeville bill was offered, some exceptional professional talent volunteering for the commendable effort of paying off the fire engine debt. Johnny Dale in patter and clever dance steps was accorded an ovation. Frances Fay, the singing and story telling comedienne, took the house by storm and as a climax she called Mayor Minges to the stage and made him make a speech. The Mayor blushed like a 16 year old girl but responded in appropriate manner. Chief Geo. Cause was also called to the platform and an interesting talk on the work of firefighting and finances given the audience which greeted him with prolonged applause.

Several juvenile numbers of cleverness added to the program and the Vivian Martin film play Song of the Soul was shown. The State Home girl's glee club came down by courtesy of Dr. Butler and gave two beautiful and harmonious vocal numbers.

Wilson's orchestra was at its best and by special request Harry Prince singing "Old Pal" and "My China-town" in Chinese lingo completed a splendid bill. Dancing continued to a late hour.

SONOMA FARM DISPLAY AT COUNTY FAIR HIGHLY PRAISED BY ALL WHO VIEW IT

FARM CENTER FEATURES PRODUCTS OF VALLEY OF THE MOON IN ARTISTICALLY DECORATED BOOTH AT COTATI

Thanks to the Sonoma Farm Center and the co-operation of some of our progressive citizens a beautiful display of some of Sonoma valley's chief products was made at the Sonoma County Fair at Cotati this week. A highly artistic setting for the products of our valley was fashioned by Mesdames Joost and Casson and Messrs. McAllister and Stenquest. A large picture of Sonoma's old Mission was used as a background for the booth and around this Sonoma grapes were entwined, the green foliage and colorful fruit being most effective. Sonoma Valley hops, as fine as grown anywhere, were exhibited by Kearney brothers and formed a beautiful canopy over the booth. Out of fresh prunes with their purple color was the name Valley of the Moon formed on a background of golden wheat and a crescent added to the effect. Baskets of grapes and the prettiest display of fruits imaginable were on display. One box of our apples in particular caught the eye of the Governor on opening day and he exclaimed about it. Bartlett pears, prunes and assorted fruits gave just a glimpse of what Sonoma Valley can produce. Had there been more of everything and the committee had more help, there is no doubt but that Sonoma would have been awarded a prize. Preserved fruits and fancy work added to the attractiveness of the Sonoma exhibit.

Among those who exhibited, Mr. L. Stenquist lists as follows: W. L. McAllister, R. L. Watt, F. Wedekind, Hall Ranch, E. J. Clements, E. T. Casson, F. Joost, G. Harris, J. Fernandez, N. Wirtz, C. Dresel F. Naden, J. Picetti, Lowell Bros., G. Ritz, G. Bruns, F. Knolle, Kearney Bros., Z. Lane, Mesdames Freck Joost, Casson and others.

In all fifteen Farm Centers of Sonoma County are represented at the County Fair this year and the displays are far ahead of those of last year.

The Fair is open today (Saturday) and tomorrow, Sunday. Everybody should take in the big days and see the gala show with all its exhibits and amusements.

FROMENT FAMILY GATHERED SOUVENIRS FROM BATTLE FIELDS OF FRANCE

The Froment family recently returned from an extensive trip abroad and brought back souvenirs from the battlefields of France which they gathered themselves on the ruins of famous forts and once well populated villages. They cut barbed wire from fields where trenches are mute reminders of the barbarities of war and bits of this wire are among their most cherished possessions. They also picked up shrapnel and shells and other reminders of the great conflict. The ruins of the beautiful cathedral at Rheims was visited and as only the walls alone are standing it is beyond hope of restoration.

The country is being plowed first by army engineers to make it safe for the farmers who are gradually reclaiming the shell torn land.

Mr. Froment does not believe that there is a shortage of the grape crop in France this year as reported. He declares that the vines came out fine after the frost and made a splendid growth and that the price of wine had a decided downward tendency showing that they wished to sell wine already on hand to make room for the oncoming vintage. He says the French do not take the Prohibition experiment in the U. S. A. seriously and believe wine will not be outlawed very much longer.

The Americans found the highest regard felt toward the American troops who went over to the aid of the Allies. The Froments talked to many French army officers and they all agreed that the Doughboys were great fighters and could not be restrained which however proved costly on a number of occasions. The officers declared that they had seen the Yanks pull off their coats and go into the scrap against the greatest odds. The French people marveled at the boy's appetite for mush and hot cakes and said that the demand for several slabs of bacon and many eggs was a revelation. The travelers were pretty well convinced that the generosity and "keep the change," policy of our soldiers spoiled the French tradespeople on the start and led to profiteering.

While in France the Froments went to visit cousins of Henry Chauvet of Glen Ellen and also met a sisterinlaw of the late Joshua Chauvet, the pioneer wine man. The Chauvets over there had been officers in the war but are now back on their farm where they have a fine milling business and plenty of good fishing nearby. They proved to be hospitable and well-to-do people and entertained the Sonoma friends of the relatives they have never seen most delightfully.

A never to be forgotten part of the trip abroad was the return of Mr. Froment to Algeria which he left for war when a lad of seventeen. He has sisters and a nephew there who have a beautiful villa from which they could see the Mediterranean and they enjoyed many long rides through the country. The Arabs in their native costumes and adhering to their religous costumes were of intense interest to the travelers. There are many beggars among the natives seen in the cities and there has been an epidemic of typhus among the Arabs. Mr. Froment's folks are owners of marble quarries in this African possesion of France and have become very wealthy since he last saw them.

A visit to Monaco and the famous Mont Carlo was in the itinerary of the travelers. Mr. Froment had been there before, but says there is no longer the stacks of gold as formerly and that most of the roulette players are now women.

They cut short their trip owing to the health of their eldest daughter and took passage home sooner than they had expected to. After running the gamut of customs and health inspectors and being searched and tagged and O K'ed many times they finally arrived in New York where they went through 58 more varieties of "torture" required of entrants into the United States and were at last released for their beloved homeward journey to California. They are delighted to be back in Sonoma once more.

A commodious auto delivery truck bearing the slogan "Service" was received by Monotti, the grocer, this week and is now making delivery to customers.

EGG DAY COMPLIMENT.

THAT ANY PART OF SONOMA COUNTY could achieve what Petaluma did at it's recent Egg Day celebration should be a matter of pride to us all, throughout this and other counties of Northern California. The celebration was more than a show in the sense usually meant. It was a genuine demonstration of the industrial worth of Petaluma's chief product, and so splendidly was it demonstrated that our neighboring community has been widely and rightfully congratulated. The stamp of community confidence and business prestige of Petaluma were apparent. If a community believes in itself and has faith in its future, it's destiny is assured. The spirit of Petaluma and the upbuilding of its commercial side could be glimpsed in every phase of the Egg Day fete.

MEET THIS DEMAND

IT IS ANNOUNCED that contracts for the construction of the slips and first boat of the Golden Gate Ferry Company will be let as soon as the $300,000 stock subscription mark is reached, and that the amount is in sight. It should be available without any further solicitation for if there is anything which is going to give impetus to this side of the bay, it is adequate ferry service. A utility owned and operated by those directly interested in the well being and success of this and surrounding counties will develop success quicker and give service better than could be expected in any other way. Capital invested now in transbay transporation facilities will yield handsome returns, for the surface has hardly been scratched, and the demand for adequate facilities out and into San Francisco is growing and insistant.

OBSTACLES AHEAD OF W. C. T. U. PROBLEM.

THE W. C. T. U. CONVENTION in San Francisco has been an interesting assemblage as it whistled through the graveyard of John Barleycorn and all his little kernals "playing possum" and havoc in the face of those serious visaged sober minded anti booze crusaders. The ladies are indeed optomistic for they announce as their chief problem "how to make total abstinence popular" whereas the problem with a big majority of householders now days is how to make home brew. To make total abstinence popular does not appear to us to be half so important just now as how to make it stick, insomuch as the government has committed itself to a policy of forcing folks to abstain and is expending large sums thereon. Abstemiousness no longer carries with it the oldfashioned dictionary meaning which gave the individual a little credit for exercising moral stamina or will power. It probably was a great deal more popular then than now, for although total abstainers of a decade ago had to forego the free lunch counter and other things which appealed to their parsimony, they now must forego all the joy of experimenting with kitchen stills, malto syrups and brewing recipes for all sorts of concoction by which you can get "swaked" almost for nothing—really a tantalizing predicament for anyone with a saving nature. This is just one of the obstacles to now making total abstinence popular.

The W. C. T. U. has a man size job ahead of it making the dry life attractive, but perhaps with a little more liberal sprinkling of shredded wheat on week days and dryer sermons on Sundays, the public attitude can be properly grooved and the master minds of the age find themselves able ultimately to attune everything to their liking.

A truly sober world or as the temperate minded used to call it a temperate world acn only become a reality as it becomes popular and that can only be achieved by voluntary recognition of its merits and advantages. If the Women Christian Temperence Union continue to subscribe to the present dry program of banishing liquor and its abuse, they should change the name of the organization. Temperence has been set back many decades by the folly and fanaticism of political prohibitionists.

By losing sight of the Fourth Amendment the conference committee which refused to heed the wisdom pointed out by the Senate and preferred to take program from radical "drys" aided and abetted that dangerous minority which is making a mockery of Democracy.

THE LARGEST SHIPMENT of raisins ever made from Fresno has just gone East and as Fresno has statistics worth while, it must be a colossal shipment. What do these innocent little dried up grapes go into, do you suppose? The raisin of course is a "dry" but oh my!

SCHELLVILLE COUPLE'S SEPERATION LEADS TO DIVORCE ACTION.

Frank McGill Sues Wife Who Has Been Residing in Napa For Some Time Past.

The separation of Frank McGill and wife of Schellville has terminated in the divorce court, Mr. Mc Gill having filed proceding against Myrtle Mc Gill in the Superior Court of Sonoma County this week. Mrs. Mc Gill has been residing in Napa for some time past but as a reconciliation had been previously effected it was hoped by the friends of the couple that they might again patch up their differences.

It is said that when Mr. McGill and son Stanley went East some time ago Mrs. Mc Gill was urged by her husband and son to take the trip with them, but refused.

Mc Gill is prominent in fraternal circles and the son of a pioneer Sonoma Valley family. He married pretty Myrtle Converse about fourteen years ago, and one son ,Stanley ,who resides with his father was born to them.

CAME UP FROM ARIZONA

Mrs. Ted Whitlow (nee Dorothy Mac Farlane) who has been down to Arizona with her husband who had to leave San Francisco on account of his health was here for a few days recently. She came to San Rafael to get her little son and he accompanied her back to Arizona.

The Whitlows are residing on a big ranch in that state since Mr.Whitlow left the hospital. He is still in very frail health. The patient was once a promising baseball player of the bay section and when taken ill was holding a good position at a San Francisco bank.

Dr. M. E. Thoren of the Home is enjoying a fine visit from her cousin Miss Watson, who is the Assistant School Superintendent of Los Angeles, Calif. She is quite pleased with this part of the State, and thinks this Valley especially beautiful. Mr. Thoren who was badly burned some time ago, is doing very nicely.

OLD TIME STAGE DRIVER TAKES IN PETALUMA.

City Marshal Albertson and Mr. and Mrs. Savelli motored over to Petaluma Saturday to the big celebration. Alberson was one of the pioneer stage drivers between here and Petaluma many years ago, when Jim was no baby chick. He is now hale and hearty though well along in his seventies. He was delighted with the parade and the progress of the town and says they have sure hatched out a real city since he used to crack the whip over the four horse stage coach which one time plied between here and there.

GAVE $1000 BOND ON VOLSTEAD VIOLATION

Louie Parente, owner of the Tavern, one of the leading summer resorts of El Verano who was raided by enforcement officers some time ago, appeared before the federal commissioner at Napa last week and held to answer under $1000 bonds. The Volstead operatives are said to have found nothing behind the bar at Parente's but succeeded in bringing to light some fine old liquors which were cached away in Parente's private office. While the orchestra was playing and dancers were swaying the government agents seized the valuable wet goods, loaded it onto an auto truck and drove away with it. The search and seizure was accomplished with neatness and dispatch after the necessary warrant had been duly presented to the genial proprietor of the Tavern. Parente has resided in Sonoma Valley off and on for fifteen years and this season erected the uptodate resort which he has been conducting with great sucess.

Miss Laura Wickham, a junior at the University of California has reentered the college for the new semester. Miss Wickham is one of the promising women students of the university and inherited much of her late father's talent for literature and political science. R. Q. Wickham was prominent in journalism and politics and at the time of his death was secretary to the Board of Trustees of the State Home at Eldridge.

WILSONS DENIED DIVORCE BY JUDGE SEAWELL

Judge Emmet Seawell evidently has little patience with tempermental couples who rush into the divorce court with their troubles and want a separation, wherefor when the suit of W. C. Wilson versus Elizibeth Wilson of this valley came up before him,the kindly jurist having scanned the complaint decided that the grounds were extremely vague and refused to grant the divorce.

The proceedings were a great surprise to friends of the couple and it is hoped that the action of Judge Seawell will lead to a better understanding between the yivacious and talented singer and her husband.

Wilson was formerly bookeeper at the Adler Furniture factory here. His wife was a belle of Visalia when he married her several years ago. She is a Normal School graduate and is now teaching at the State Home, where she is making a special study of training feeble intellects.

IN THE MARKET FOR WINE GRAPES.

The Sonoma Mission Creamery is in the market again this year for wine grapes and expects to buy and ship considerable tonnage.

Last season the well known firm purchased over 700 tons and the growers were well pleased with the treatment received and the prices paid them. The Creamery handled the grapes with their own trucks, picking and shipping being done the same day. They have a good market in San Francisco for Sonoma Valley grapes and the firm is glad to be able to take care of this Sonoma Valley produce as well as the cream, milk and eggs which they handle the year round.

While Mr. Vella has not stated what he will pay until the market is more stable, the firm is in a position to satisfy their grape clients and will close deals both here and in Napa county.

EVENT AT THE HAHMANN HOME FOR MRS. HOEN.

A delightful bridge and supper party at the Hahman home in Santa Rosa Tuesday evening was given by the Misses Hahmann in compliment to Mrs. Earnest Hoen of Oakland, who was a visitor in this city. The company assembled in Mrs. Hoen's honor included Mrs. Jackson Temple, Mrs. Frank Comstock, Mrs. Ernest L. Finley, Mrs. Lawrence A. Beckett Miss Lisbeth Hoen, Miss Bertha Hoen, Miss Helen Wright, Miss Nellie Hill, Mrs. Earl Riley, Mrs. R. Dawson Dixon and Mrs. Julia O'Meara Jordan.

Beautiful blooms from the Hahmann gardens were utilized to enhance the attractiveness of the interior and the evening was in every respect enjoyable.

Mrs. Hoen is a daughter of Mrs. L. L. Lewis, formerly of El Verano, but now residing in Oakland.

Mrs. Bruce Painter has been very ill at her Petaluma home and the recipient of marked attention by Petaluma friends and lodge sisters. Mrs. Painter is the wife of the well known educator. Prof. Painter, formerly of Sonoma High School.

ALL ABOARD FOR VINTAGE FESTIVAL.

Two weeks more and St. Helena will hold its seventh annual vintage festival under the direction of the American Legion and Chamber of Commerce.

The festival spirit is beginning to manifest itself among the populace, which is indicated in the lively contest for queen, and everywhere one hears the constant clatter of preparation for the three big days on September 3rd, 4th and 5th.

While the Labor Day parade and the exhibits of vineyard, orchard and farm products promise to be the big features of the festival, various other activities will also come in for their share of honors, including the vintage show, a snappy two-hour program so taken up with laughs that it cannot fail to please the most fastidious. "Ici On Parle Francais," a light comedy-drama, several high-class performers from San Francisco, together with the finest of concert music, make up part of the interest program now being arranged. This feature of the festival will be housed in a mammoth tent adjoining the exhibit hall and no effort is being spared for the comfort of the patrons.

The celebrated Hynes' band from San Francisco, together with the League of the Cross Cadets' band, thirty strong, will provide the music during the entire festival. The League of the Cross Cadets will be remembered as the two hundred young men who came to St. Helena some four or five years ago and so pleasingly entertained the people of this community with their band and fancy drills. These same young men have again been induced to come to St. Helena and will be with us during the festival. A camp will be established on the new school grounds, the former Osborne property, which will be their headquarters during their stay.

Mrs. Joella Cornwall, formerly of Buena Vista is spending several months at Ocean Park, southern California. Her son Frank, a student at U. C. has been working at the packing house here during the fruit season.

SCHOOLS REOPEN IN SONOMA

MONDAY, SEPTEMBER FIFTH

The Sonoma schools, both High and Grammar will reopen for the Fall term on Monday, Sept. the fifth. The attendance promises to exceed that of any previous term and preparations have made to take care of a large number of pupils. The Sonoma Grammar school has fitted up a new primary room to accommodate thirty and all the rooms of the six teachers are expected to be crowded even then.

The High School principal has had many applications from prospective students which will tax the capacity of the old building even more than last term. The prospects of the new $115,000 building is growing more real with the sale of the bonds recently voted and they are now being advertised for sale.

Prof. L. H. Golton announces that he will keep office hours at the High School next Thursday and Friday from 10 to 12 a. m., and from 1 to 4 p. m. to register students contemplating entering the High School and to discuss means of transportation.

Bids for the new building will probably be advertised for some time in December or January and the architect believes it will take about five months to complete the structure.

Mrs. Rosa Randolph has been having her commodious home decorated and artistically papered by the artistic duo, Muller & Downey.

WERE GUESTS OF PETALUMA ON EGG DAY

Mr. and Mrs. W. L. Murphy of the Index Tribune were guests of Petaluma on Egg Day and were entertained by the Chamber of Commerce at the lunch given in honor of Governor Stephens. The visitors like all who were in Petaluma last Saturday and witnessed the splendid parade, fine features and big rodeo were high in their praise of Petaluma's achievement. The parade would have done credit to any of California's largest cities. Among the fine floats was that of the Petaluma banks, the Womans Club, Golden Eagle Milling Company and other firms and organizations. "The Baby Chicks," a float on which were tiny girls in big market baskets with yellow ribbons on their hair, and a float which was the replica of the boat carrying eggs to London were particularly attractive.

The rodeo in which many well known Sonoma stars participated was a fine show and largely attended. Dr. Geo. Millerick won a prize in the Musical Chair contest on Saturday and Norman Cowan did some very clever riding on a bucking broncho. Ike Lewin, Ben Dobbins and Jesse Stahl contributed to the thrills of the day.

President John Olmstead of the Chamber of Commerce proved an able executive and is to be congratulated on the success of the celebration in his city.

The school houses at San Luis and Huichica will present a bright and cheery appearance when the children start back to school as the classrooms have recently been painted and refinished.

Better paint for less money

PEOPLE who know good paint wonder how we can sell such extra high-grade paint as Certain-teed for such reasonable prices.

Very simple! The Certain-teed business is enormous. Besides paint and varnish, they make the well known Certain-teed Roofing and Linoleums. They are not wholly dependent on paint profits. Therefore, they can afford to make a very small profit on everything they make.

Each color is priced according to what it cost to make that particular color. This means that all colors are cheaper than other high grade paints, and many colors very much cheaper.

You can't buy better paint than Certain-teed. It is made only from the highest grade materials. The formula is printed on every can. You will find that Certain-teed paint spreads better and lasts longer than ordinary paints. We have the right Certain-teed Paint or Varnish for everything inside and outside your house. See us before you paint.

BOYES SPRINGS RESIDENTS WRITE OF SUMMER TRIP TO CANADA.

Charlottetown, P. E. I. Aug. 18, 1921
Mr. W. L. Murphy,
The Sonoma Index-Tribune,
Sonoma, California.

Dear Mr. Murphy:—Some time has elapsed since Mrs. McLeod and myself reached our old home, Prince Edward Island, and before the impressions of my journey dim, I thought I would comply with your request and write you a short account of the trip.

No doubt you are familiar with the Shasta Route, so I need only say that we enjoyed its beauty immensely.

From Seattle we took the boat for Vancouver, visiting Victoria en route. Our stay at the latter port was only an hour's length, just long enough to take a delightful sightseeing trip. At Vancouver, however, we spent two days, and were thus enabled to take advantage of several interesting side trips.

Words fail me when it comes to describing the grandeur of the "Rockies." Indeed, I will not attempt to do so; sufficient is it to say that the beautiful photographs one sees, gives one only the slightest idea of the reality.

Alberta, Manitoba, Ontario and Quebec all had their charms, but when we drew near to the red shores of Prince Edward Island, we found that it had a charm all its own, besides its beauty, it was home.

Since our arrival, we have been traveling through the length and breadth of the Province, renewing old friendships and making new ones, and from all whom we have met, we have received a most hearty welcome.

The time is rapidly passing and within ten days more, we will be bidding our friends goodbye and starting on our long trip across the continent once more.

On the return trip we are planning on several stop-overs. First, we will spend a week in Boston among our relatives, again at Chicago, we will spend a couple of days, taking a side trip to Davenport, Iowa; then, we hope to visit Niagara Falls and perhaps Salt Lake City, arriving in San Francisco on September 15th. Then, after a short rest, we will return to our home at Boyes Springs, bringing with us many happy memories of our Canadian Summer.

Trusting to see you soon and with very kindest regards from both Mrs. McLeod and myself, I remain very sincerely yours.

JOHN A. McLEOD.

RODEO-VALLEJO FERRY PLANS NEW AUTO BOAT

MARTINEZ, Aug. 22.—Announcement that the Rodeo-Vallejo Ferry company is to construct a new ferryboat at a cost of about $300,000, and that bids will be asked in September, is made by C. H. Klatt, an official of the company. The boat will have a carrying capacity of 100 cars and will be of the latest type of construction.

According to Klatt, plans for the boat, already completed, call for three Diesel electric engines, which will do away with upper deck works and stacks, thus permitting greater carrying capacity. The boat will be constructed along the lines of the steamer Avon J. Hanford, which was recently placed in service between Rodeo and Vallejo. The Hanford cost $225,000 and has a capacity of sixty automobiles. The new boat will be faster than the Hanford and will allow of several minutes being cut from the running time, Klatt declares.

When the new vessel is placed in service the ferry steamer Issaquah will be used only when the Hanford or the new ship are being overhauled or when traffic is heavy.

SURPRISE PARTY FOR HARRY CORDELL

The young friends of Harry Cordell of Vineburg who had been working with him this season at the packing house of the apple growers, gave him a jolly surprise party the first of the week. They found he was batching it and decided it was a good time to take some good "eats" and give him a party. The Cordell home was therefore invaded by the merrymakers (five auto loads of guests) and a fine time was enjoyed by all who attended. There was music, dancing and feasting. Piano playing and music by Fred Schell was greatly appreciated by the company.

Coffee and sandwiches, cakes and ice cream were on the bill of fare at the midnight hour and all voted the evening one of the best social events of the year.

VINEBURG NEWS

Mr. and Mrs. Frank Severoni of San Francisco are the guests of Mr. and Mrs. John Batto this week.

Mrs. Louis Martin and children, at the present time are visiting Oakland and are the guests of Mr. and Mrs. Al Finck.

Vineburg was well represented on Sunday last at the Picnic of the Red Men and Daughters of Pocahontas at Schumann's Grove, Buena Vista. All present report a delightful time and speak highly of the officers and committees who had charge of the pleasant gathering.

John Mohr presented "Viola Dana" in the moving picture "Blackmail" on Tuesday evening at Martin's pavilion. It was a good picture and drew a crowded house.

Ollie Oliver says some young men in the valley get married and never say a word about it. Too bad Ollie. They should put their private affairs on a moving picture screen.

Chief Jep Valente of the Sonoma Fire Department accompanied by his mother, Mrs. Valente, Mrs. Rose Bartoli and a lady friend from the city were exchanging greetings with their many friends in this vicinity on Wednesday last.

This last month has been a busy one at the Batto warehouses and few days pass without seeing the spur full of cars being unloaded and among the arrivals this week were a few carloads of A1 choice alfalfa hay, second cutting. Fine dope.

After a strenuous season of packing and shipping a large portion of the gilt edge fruit crop of Sonoma valley, Messrs. Edgar Clements, orchardist of Edendale and Roy Hyatt of the Earl Fruit Co., thrust business out of their office window and took a motor trip to Lake county on Saturday last. Of course we all know that there are deer in Lake county and so do Eddie and Roy. Not the old "Dear" but the "Deer" with antlers. Eddie spied one, a beauty. A sharp rifle report and that was all there was to it. The noble animal dressed 122 pounds and when the hunters returned to Vineburg on Monday, shared choice cuts of delicious venison to their friends in this vicinity. Go again boys, you're all right.

Mr. and Mrs. Chas. Swedenborg for many years residents of this place, have sold out and have removed to Martinez.

Mesrs. Fred Batto, Adam Gigerich, Misses Emily, Evelyn and Master Herbert John Batto returned from a 10 days outing in the Sierra Nevada mountains on Monday last. During their stay and while guests at the Summit Hotel, the party visited Donner Lake, Lake Tahoe, Lover's Leap and all points of interest in California's most historic spot. Mr. Batto visited the Bear Flag gold mine in which he is interested and seems much pleased at the progress being made in developing the prospect.
